

250,000 CROSS EVERY MONTH

LIEUT. GEN. BRIDGES DECLARES
GEN. FOCH NOW HAS SITU-
ATION IN HAND.

Boston, June 14.—"The flow of troops from this country to Europe is at the rate of a quarter of a million a month and nothing can stop it, certainly not the Kaiser and his U-boats," declared Lieut. Gen. Thomas Bridges, British high commissioner to the United States, at a dinner tendered him last night by a number of prominent British and Canadian residents.

"I have it on the best authority," he continued, "that Gen. Foch, with whom I am intimately acquainted, is very certain he has the situation well in hand, and can hold the Germans."

"We have today 200,000 American troops brigaded with British and French soldiers and this intimate association will have a far-reaching effect on the future of the nations."

CAVANAUGH IS FREED.

The life sentence imposed on Frank Cavanaugh, of Hopkins county, was commuted to two to 21 years by Governor Stanley. As Cavanaugh was convicted in May, 1916, the commutation gives him freedom. Cavanaugh was convicted of the murder of Leonard Griffin.

TOO ILL TO WED.

The Diuguid-Taylor marriage, which was to have been solemnized this evening, has been indefinitely postponed on account of the illness of Miss Diuguid.—Murray Times.

FIVE SELECTED FOR MECHANICS

WILL REPORT TODAY AT TERRA
HAUTE FOR TRAINING AT
GOVERNMENT EXPENSE.

The five young men who volunteered under call No. 630 for class one men of a grammar school education and some knowledge of auto mechanics left this morning for Terra Haute, Ind., where they will enter Rose Polytechnic Institute for training at the government's expense for service at the front or behind the line.

The five who volunteered and were selected to go are: Ernest West, Lawrence Gafford, Clifton Parker, Ashley Dorris Kemp, and Aubrey Blades. This is a fine branch of the service and one that will fit young men for civil as well as military life. Many more might have entered this branch but the quota was only 5 for the county at this time.

So far the Local Board has not received an order to send any limited service men to work in the spruce forests of the Northwest though two have volunteered their willingness to go and are anxiously awaiting orders to report.

AUTO FAILS TO TOSS BULL, BUT DRIVER BADLY HURT.

(By International News Service.)

Albany, N. Y., June 13.—A bull, being led along the Albany-Troy road, charged an automobile. The auto was knocked into a ditch. Conrad Morrow, who was driving the machine, suffered injuries from which he will lose an arm. The bull is back in the pasture and the auto in a repair shop.

ALMOST A MILLION LBS.

TOBACCO MARKET CONTINUES
WITH HEAVY RECEIPTS
AND PRICES EASING OFF.

The tobacco market is still having million-pound weeks with a perceptible weakening in prices as the season nears the end. This is perhaps due in some measure to the falling off in quality. The receipts now bid fair to easily pass 25,000,000 pounds on the loose floors alone.

The weekly report shows:

THE COUNTY'S MOST EXCLU- SIVE CLUB BEING ORGANIZED.

Christian county is now organizing with characteristic enthusiasm its first absolute exclusive club, strictly limiting its members to true patriots and absolutely closing its membership to all slackers, indulgers of self, luke warm patriots and semi-Buns. This club has for its object the enrolling of all persons who will go the \$1,000 limit in buying War Savings Stamps from the Government they love and serve. There are already several charter members but by the end of the drive the committee expects to add the name of every man or woman in the county who can, and Uncle Sam this amount without actual privation to himself. It's not only a splendid thing to do for your country and the boys hard at it in the trenches, but considered from a purely monetary point of view, what better investment could be offered? It's as safe as the Government itself and offers the unusual interest of four per cent., compounded quarterly. What other investment offers you this? Your banker himself will tell you that there is no more profitable investment with such absolute security.

Moreover this club, by adding every possible person to its rank, expects to become so very exclusive in time, that Mr. Wilhelm Holenzolern and all his kind, will be absolutely excluded from the world they have defaced.

Come on everybody, let's dig deep in our jeans an dhoost this \$1,000 club and our quota of \$700,000 will be just around the corner.

CHIEF FOX SLAIN.

W. H. Fox, chief of police at Providence, Ky., is dead and Jim Wynn, 42, coal miner, also of Providence, was shot through the right jaw and right thumb, in a pistol duel between the two men at 8 o'clock Thursday night on the Corydon pike, five miles from Henderson. They got into a quarrel while returning from Henderson in an auto with two other men and stopped the car to shoot it out, before their companions realized that they were mad.

ONE HUNDRED COLORED MEN

AND TWENTY-THREE WHITES
WILL ENTRAIN FOR CAMP ON
JUNE 22.

Orders have been received by the Local Exemption Board of this county to select 123 class one men to entrain on June 22 at 6:45 a. m. for Camp Taylor. Of these 100 will be colored and 23 white men. These 123 will be selected from the entire list of class one men, all of whom will be ordered to report at the Court house Thursday, June 20, at one o'clock p. m. where the selectives will be made.

The entire list of class one will comprise approximately 350 to 375 colored men and 75 to 85 whites. It will be impossible to give a complete and accurate list of these men by reason of the fact that the Board is reclassifying several names each day and adding to class one from some of the lower classes. This call only effects all of class one of the 1917 registration as the last registrants of June 5, 1918, have not yet been classified.

RESTRICTION ON BEEF ASKED BY HOOVER

Washington, June 14.—To meet the needs of the American and Allied armies and the civilian population of France, Great Britain and Italy, the American people were asked by the Food Administration to place themselves on a limit beef allowance from now until next September 15.

Householders were requested not "under any circumstances," to buy more than one and one-quarter pounds of clear beef weekly, or one and one-half pounds including the bone, for each person in the household.

The hotels and restaurants were asked not to serve beef more than two meals weekly, beefsteak more than one meal weekly and roast beef more than one meal weekly.

IN MEMORY.

On May 15, 1918, the Angel of Death visited the Robinson home at Bluff Springs, Ky., and claimed the wife of the deceased G. A. Robinson, daughter of Joseph W. and Mary Gosler. She was born May 20, 1838, and married G. A. Robinson May 7, 1861. To this union were born eight children, all living except one, a boy. She leaves ten grand children, two great grand children and a host of friends to mourn their loss. About the year 1853 or 1854 she was baptized by Alexander Campbell while he was engaged in a series of meetings at Hopkinsville. She was laid to rest in the Robinson graveyard. Funeral services conducted by the writer. C. H. BAKER.

Wilson will be left in charge of the business from which he retires.

AUTO ACCIDENTS.

CAR HITS WALL.

Yesterday afternoon Mrs. Geo. E. Gary ran her new car into the wall of Sabel Bros. Store at the corner of Ninth and Virginia streets. The only damage was a hole knocked in the brick wall and the front of the car was badly smashed. Mrs. Gary was trying to avoid a collision with an auto truck when the accident occurred.

TWO CARS COLLIDE.

Another accident occurred about 6 o'clock yesterday afternoon when two big passenger cars going north on Virginia both attempted to turn into 14th street at the same time. The front car was driven by a lady and she slowed up and signaled the other car which was driven by some man. However, it is said that he did not heed the honking of the other horn and allowed his car to collide with the one in front. No serious damage was done to either.

H. B. M. A. WINDOW SMASHED.

Mr. George Brandon, of Cadiz, and county court clerk of Trigg county, ran over to Hopkinsville yesterday in his new Chevrolet just for a little outing—probably a visit to the picture show. But he found it a rather expensive pleasure trip after all his bills were paid.

He was accompanied by his son, who was driving, and as they pulled into town and attempted to drive into the Hopkinsville Auto Co.'s garage, the boy lost control of the machine and it ran into the big plate glass window of the H. B. M. A. office and broke it into thousands of pieces.

HURT BY AUTO.

What came very near being a fatal accident occurred yesterday morning on S. Virginia street when Jane, the 10 year old daughter of Mr. and Mrs. J. K. Hooser, was knocked down and run over by an Overland car belonging to Mrs. Agnew and driven by her. Jane was crossing the street and it is said that she had a chair over her head. She stepped out from behind an automobile standing by the curbing right in front of the moving car and rendered the accident unavoidable.

The child was hit by the front center of the car and knocked down, the car passing over her body. She

was knocked unconscious for a few minutes but was carried into the house and attended by Dr. Austin Bell and Dr. Woodard for whom hurry calls were sent. As soon as Mrs. Agnew saw the child being carried into the house she got in her car and raced back down town and brought Dr. Woodard to render what aid he could.

On examination it was learned that the child was probably not seriously hurt though badly bruised. She was taken to the Hospital last night for an X-ray examination to make sure as to the injuries sustained.

PREACHING AT CONSOLATION.
